REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art fails to teach the DMOS structure where N devices are laterally arranged where each transistor has a source or drain which surrounds the other source/drain and one of the source/drains is formed unique to each transistor while another source/drain is shared among the plural transistors and where a unique source/drain electrode is formed for each of the double diffused transistors, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edward Wojciechowicz whose telephone number is 571-272-1739. The examiner can normally be reached on Monday through Thursday.
